

Week 2: The Creation Story

JSS1 Christian Religious Studies (CRS) — First Term Lesson Note (Deep-Dive Edition)

Introduction

Having learned who God is, this week we study the detailed biblical account of how God created the universe, as recorded in Genesis chapter 1.

The Biblical Account of Creation (Genesis 1)

God created the world in six days and rested on the seventh:

Day	What God Created
Day 1	Light, separated from darkness (day and night)
Day 2	The sky (firmament), separating the waters above from the waters below
Day 3	Dry land separated from the seas; plants and vegetation
Day 4	The sun, moon, and stars
Day 5	Sea creatures and birds
Day 6	Land animals, and finally human beings (male and female)
Day 7	God rested from His work (the origin of the Sabbath)

At the end of each day's creation, the Bible records that **“God saw that it was good”** — showing that everything God made was perfect and purposeful.

Real-Life Application

The orderly sequence of creation — from light, to sky and land, to plants, to animals, and finally to humans — shows God's wisdom and careful planning. The pattern of six days of work followed by a day of rest also teaches the importance of balancing work with rest, which we still practise today through weekly rest days.

Vocabulary

Word	Meaning
Firmament	The sky or expanse that separates the waters above from the waters below
Vegetation	Plants and trees collectively
Sabbath	A day of rest and worship, based on God resting on the seventh day

Evaluation Questions

- 1 List what God created on each of the six days, in order.
- 2 On which day were the sun, moon, and stars created?
- 3 What did God do on the seventh day?

- 4 What does the Bible say God observed after each day of creation?
- 5 Explain the meaning of "firmament."
- 6 Why do you think land and plants were created before land animals and humans?
- 7 What lesson can we learn from God resting on the seventh day?
- 8 On which day were human beings created?
- 9 Explain, in your own words, why the creation story shows order and planning.
- 10 Why do you think the Sabbath (day of rest) is still important for people today?
