

Week 4: Purpose of Creation

JSS1 Christian Religious Studies (CRS) — First Term Lesson Note (Deep-Dive Edition)

Introduction

Having learned how God created the world and human beings, we now ask: **why** did God create human beings? This week explores the biblical reasons for our existence.

Reasons Why God Created Human Beings

1. **To have fellowship with Him** – God desired a relationship with human beings, walking and communing with them (as seen in the Garden of Eden).
2. **To have dominion over creation** – God commanded human beings to rule over the earth and its creatures: *“Let them have dominion over the fish of the sea and over the birds of the heavens and over the livestock and over all the earth”* (Genesis 1:28).
3. **To multiply and fill the earth** – God instructed the first man and woman to *“be fruitful and multiply”* (Genesis 1:28).
4. **To work and take care of creation** – Man was placed in the Garden of Eden *“to work it and take care of it”* (Genesis 2:15).
5. **To glorify God** – Human beings, made in God's image, are meant to reflect and honour God through their lives.

Songs About Creation

Many Christian hymns and choruses celebrate God as Creator, praising Him for the beauty and order of the world He made. Singing such songs in worship is one way believers express gratitude for creation and remind themselves of God's greatness. (Ask your teacher to lead the class in one such hymn during worship time.)

Real-Life Application

Understanding that we were created for fellowship with God, to care for the earth, and to glorify Him gives purpose to daily living. For example, a student who takes care of the school environment, respects other people, and lives honestly is fulfilling part of this God-given purpose.

Vocabulary

Word	Meaning
Dominion	Authority to rule over or manage something
Fellowship	A close relationship or friendship, especially spiritual companionship
Glorify	To give honour and praise to someone, especially God
