

JSS 2 PHYSICAL AND HEALTH EDUCATION – FIRST TERM

TOPIC 4: ISSUES AND CHALLENGES IN PHYSICAL AND HEALTH EDUCATION

1. Meaning

Issues and challenges in PHE are the problems that affect the effective teaching, learning and practice of physical and health education in schools and society.

2. Common Issues and Challenges

- Inadequate facilities and equipment (fields, courts, first-aid materials)
- Shortage of qualified PHE teachers
- Large class sizes making practical lessons difficult
- Low priority given to PHE compared with other subjects
- Cultural or parental attitudes that discourage sports for some students
- Poor funding and maintenance of sports facilities
- Sedentary lifestyles and excessive screen time among young people
- Safety and security concerns on playgrounds

3. Possible Solutions

Improved funding, training of teachers, provision of basic equipment, awareness campaigns on the value of physical activity, and school policies that protect PHE time on the timetable.

4. Summary

PHE faces challenges of facilities, staffing, funding and attitudes. Addressing these challenges helps students develop lifelong healthy habits and physical skills.
