

Week 8: Comparer

JSS3 French — First Term Lesson Note (Deep-Dive Edition)

Introduction

This week teaches students to compare people, objects, and situations using comparatives and superlatives — an essential structure for descriptive and opinion-based French writing.

Les comparatifs (Comparatives)

Structure	Meaning	Exemple
plus ... que	more ... than	Il est plus grand que moi. (He is taller than me.)
moins ... que	less ... than	Elle est moins timide que sa sœur. (She is less shy than her sister.)
aussi ... que	as ... as	Ce sac est aussi lourd que l'autre. (This bag is as heavy as the other.)

Les superlatifs (Superlatives)

Structure	Meaning	Exemple
le/la plus ...	the most ...	C'est l'élève le plus intelligent de la classe. (He's the most intelligent student in the class.)
le/la moins ...	the least ...	C'est la maison la moins chère du quartier. (It's the least expensive house in the area.)

Cas irrégulier: bon/bien

The adjective *bon* (good) and adverb *bien* (well) have irregular comparative and superlative forms: **bon** → **meilleur** (better) → **le meilleur** (the best); **bien** → **mieux** (better) → **le mieux** (the best).

Exemples supplémentaires

Lagos est plus grande qu'Ibadan. (Lagos is bigger than Ibadan.)
Ce film est le meilleur film de l'année. (This film is the best film of the year.)
Mon frère court aussi vite que moi. (My brother runs as fast as me.)

Real-Life Application

Comparatives and superlatives allow students to compare Nigerian cities, school subjects, sports, or classmates' achievements in French — a frequent topic in oral French conversation practice and written composition.
