

# JSS 3 ENGLISH STUDIES – FIRST TERM

---

## TOPIC 8: LITERATURE – DRAMA

### 1. Recommended Drama Text

Read the prescribed play. Note acts and scenes, list of characters, and stage directions. Drama is written to be performed; imagine action and speech on stage.

### 2. Elements of Drama

- **Characterization** – as in prose; also shown through dialogue and stage business.
- **Diction** – choice of words; formal/informal, poetic or plain.
- **Setting** – time and place; indicated in stage directions and dialogue.
- **Plot** – the storyline shaped for performance.
- **Rhyme scheme** – if the play uses verse, identify patterns.

### 3. Costumes and Props

Costumes show character, status and period. Props are objects used on stage. Both support meaning and atmosphere; discuss how they might be used in the recommended play.

### 4. Review

Revise both prose and drama texts: characters, themes, important scenes and quotations. Compare how stories are told in narrative prose versus dialogue and action in drama.

### 5. Summary

Drama is analysed through character, diction, setting, plot, costumes and props. Link every answer to the recommended text.
