

TOPIC 6: RULES OF WAQF (STOPPING SIGNS)

1. Meaning of Waqf

Waqf means stopping or pausing during recitation. The Qur'an has symbols that guide where it is preferable, permissible or not permissible to stop, so that meaning is preserved and breath is managed.

2. Common Stopping Signs (Examples)

- ■ (Waqf Lazim) – must stop.
- ■ (Waqf Mutlaq) – absolute stop; better to stop.
- ■ (Waqf Ja'iz) – permissible to stop or continue.
- ■ / ■ – better to continue in many Mushafs.
- ■■ – do not stop.
- ∴ or similar – stop at one of the marked places, not both.

(Exact symbols can vary slightly by print; follow the Mushaf you use and your teacher's guidance.)

3. Practical Tips

Stop on a complete meaning when possible; take a breath and continue cleanly; do not stop in a way that distorts the meaning. Practise with a marked Mushaf.

4. Summary

Waqf signs guide pauses in recitation. Observing them protects meaning and improves fluency and understanding.
