

TOPIC 7: PRACTICAL TAJWID EXERCISES

1. Purpose

Theory alone is not enough. Group recitation and correction turn rules (Madd, Qalqalah, Idgham, Ikhfa, Ghunnah, Waqf) into habit.

2. Suggested Practice Routine

- Warm up with short Surahs already memorised.
- Recite slowly; identify one rule at a time (e.g. only Ghunnah, then only Waqf).
- Listen to a reliable Qari and imitate.
- Recite in pairs or small groups; give and receive polite correction.
- Record yourself occasionally and compare with a model.

3. Focus Points for This Term

Surahs Balad, Shams and Layl; Ghunnah; Waqf signs; revision of earlier rules from JSS 1–2.

4. Summary

Regular, corrected practice is the path to accurate Tajwid. Work with a teacher and peers; be patient and consistent.
