

TOPIC 8: YOUTH AND NATION-BUILDING

1. Roles of Youth in Nation-Building

Youth are a large part of Nigeria's population. They contribute through education, innovation, entrepreneurship, community service, political participation (within the law), cultural creativity and defence of democratic values. Their energy and ideas shape the country's future.

2. Challenges

- Unemployment and underemployment
- Inadequate quality education and skills
- Poverty and limited opportunities
- Exposure to crime, drugs and negative peer pressure
- Exclusion from decision-making in some contexts

3. Opportunities

Technology and the digital economy; agriculture and agribusiness; creative industries; civic and political engagement; scholarships and skills programmes. Positive choices and hard work open many paths.

4. Summary

Youth are central to nation-building. Overcoming challenges and seizing opportunities through education, integrity and participation strengthens Nigeria.
